

PUBLIC NOTICE
NEW JERSEY TRANSIT CORPORATION

N.J.A.C. 16:83 – PROPOSED READOPTION WITH AMENDMENTS: CONDUCT AND SAFETY OF THE PUBLIC IN THE USE OF NJ TRANSIT EQUIPMENT AND FACILITIES

The New Jersey Transit Corporation (NJ TRANSIT) and its subsidiaries are responsible for the provision of public mass transit services in the State of New Jersey. NJ TRANSIT owns, controls, and operates equipment (such as railcars and buses), yards, and facilities including major stations and terminals that are centers of activity through which many people pass each day. The rules proposed for readoption with amendments are intended to ensure the safe and efficient passage of large numbers of people through the transit system and at the same time allow the public to use part of the facilities as a forum to exercise their constitutional rights of expression.

Subchapter 1 sets forth the general provisions, including the purpose, scope, definitions, rules for commercial and non-commercial expression, and an enforcement provision. Subchapter 2 sets forth criteria for obtaining a Certificate of Registration or Bridge Banner Permit (Banner Permit) for non-commercial expression. Subchapter 3 lists the activities that are prohibited in or on NJ TRANSIT facilities and equipment.

The rules, proposed for readoption with amendments, aim to make certificates of registration and bridge banner permits available to interested members of the public efficiently and equitably.

The proposed readoption with amendments is available on NJ TRANSIT'S website – www.njtransit.com in the "Web Library" under "NJ TRANSIT Regulations," or can be obtained by writing to:

Ms. Joyce J. Zuczek
New Jersey Transit Corporation
One Penn Plaza East, 9th Floor
Newark, NJ 07105

Full text of the proposed readoption with amendments, for the Conduct and Safety of the Public in the Use of NJ TRANSIT Equipment and Facilities rules, published in the *New Jersey Register* on May 16, 2016.
